RE: Animator

Dear Hiring Manager,

In my pursuit of new creative endeavors, I was excited to learn about the Animator opportunity with thatgamecompany. Sky: Children of the Light has been a significant influence on my own creative endeavors and giving back to the gaming community. I admire how Sky was not only made available free for the public, but how it is also a unique and emotional experience that gamers can easily share with their friends and family. Given the opportunity, I would love to be a part of adding to that experience and giving back to gamers. As a progressive professional with both Animation and Layout experience, I believe that I can bring valuable contributions to your team.

In my previous work as a Crowds Animator and Layout Artist at Rooster Teeth, my successes have stemmed from essential skills, including in-depth knowledge of full body acting with keyframe animation and motion capture cleanup techniques. I have enhanced my collaboration abilities and cultivated a reputation at my previous and current places of work as a major contributor through motivation and effectively planning out each shot and task. I am a collaborative team player who is always searching for opportunities to grow from and to impart valuable insights. With these qualities, I can facilitate positive change with impactful results.

For a greater presentation of my background and qualifications, please review my attached resume. I am eager to speak with you and greatly appreciate your consideration.

Sincerely,

Jonathan DeLeon
